Integration at the University of Aveiro

September 2018 and September 2019

AVILA Crew Mentor

February 2020 - to present

Profile

Graduated in the area of Communication Sciences and Technologies, with a profile focused on web development. During my professional career, I had the opportunity to participate in several projects where I developed skills in UX/UI and frontend programming. I also highlight the ease and willingness I have to learn new programming languages and skills.
